NEW ORLEANS MARKET, October 11. We are still without any considerable activity to notice in trade generally, as there is but a limited intercourse with the interior, and the stocks of most of our commodities are so limited that prices are maintained at too high a range to admit of any transactions of consequence for export.

The weather has been warm since our last restances not at all favorable to the maturing and gathering of the sugar and cotton crops.

Tobacco - The sales of the past three days

amount to 110 hhds. and the prices obtained have been very full, though generally within the range of our previous figures, which are for inferior 2 a 2½c., common 2½ a 3½c., fair 3½ a 4½c, fine 4¾ a 5½c., choice 5½ a 6c. Segar leaf, none. There is very little arriving at the moment, and the stock actually on sale is estimated at about 1000 to 1200

FLOUR .-- The transactions in the flour market have not been of much importance since our last report, though there have been some sales for shipment, in addition to the parcels taken for the consumption of the city and neighborhood. Among the transactions we note 1000 bbls. Ohio at \$3 50 900 bbls. sour at \$3, 400 do at \$2 75, and 300 do at \$2 75 per bbl. We continue to quote for Chio and the common brands of Illinois and Missouri \$3 50 a \$3 62\frac{1}{2}, though the former price, we understand, has been refused for fresh round lots just arrived in flat-bests. Favorite bakers' brands range at \$3 75 a \$4 00 and \$4 25 for one or two choice marks of the St. Louis City Mills.

Cons Meal.—There are in market some 1,500

to 2.000 bbls. kiln dried corn meal, adapted expressly to the trade with the West India Islands. which holders offer at \$1 75 a \$2 per bil , without finding any demand. It is probable that a round lot could be bought at something less than the above figures.

Ponk .-- Mess \$15 50, M. O. \$14 50, prime \$11 37 a \$11 50 per bbl. These figures are only obtained for mere retail lots. BACON .- We quote for uncanvassed hams S 9c., canvassed do. and extra cured 84 a 11c., with

a sale of about 2000 at the former price. Sides, 61 a 81, shoulders, 7 a 71c. per 1b.

Bagging and Bale Rore. -- The market for these articles remains wholly without animation. As regards prices at the moment, we have again to remark that the absence of any transactionof consequence renders them almost entirely nominul, though the range for such small sales as oreasionally take place is about as follows-say.

for Bagging 10 a 11 for fair to good, and 114 a 111 for extra heavy. Rope 3 a 43c, according

to quality, seems, Spc.
Grans —Corn 32 a 35, strictly prime 37 a 38c. 32c, per bushel Wheat, the last transactions

were at 50 a 68c. per bushel, according to quality. HEMP -- We are not advised of any transactions in this article for a week past. The last sales were at \$73 a \$75 per ton for dew-rotted, but one or two dark lots may be bought for less. There is not much on sale at the moment, but the advanced rates of freight call for a greater reduction in price than holders appear willing to

GENTS: I take this opportunity of informing you

of a most remarkable cure performed on me by the use of Dr. Wistar's Baisam of Wisd Cherry.

In the year 1840 I was taken with an inflammation of the bowels, which I labored under for six weeks, when I gradually recovered. In the full of 1541. I was attacked with a severe cold, which scated itself upon my lungs; and for the space of three years I was confined to my led. I tried wil kinds of medicines, and every variety of medical aid, without benefit, and thus I wearied along until the winter of 1844, when I heard of "Wistar's Bal-

sam of Wild Cherry."
My friends persuaded me to give it a trial. though I had given up all hopes of recovery, and had prepared toyself for the change of another world. Through their solicitation I was induced to make use of the "Genuine Wistar's Balsam of Wild Cherry." The effect was truly astunishing After five years of affliction, pain, and suffering, and after having spent four or five hundred dollars to no purpose, and the best and most respectable physicians had proved unavailing. I was soon restored to entire health by the blessing of God and the use of Dr. Wistar's Balsam of Wild Cherry. I am now enjoying good health and such is my

JEW DAVID'S HEBREW PLASTER.

8 8 8 8 which, at their various prices, cannot be surpassed, which, at their various prices, cannot be surpassed, and to which we invite especial attention PAIN CANNOT EXIST. Our stock of all kinds run, chorn and wooden cars, embraces all styles and qualities, and are time, in 1830, heard so much said in the latter

place in favor of JEW BAVID'S PLASTER. and of the (as he considered) miraculous cures it had performed, that he was induced to try it on his own person, for a long and liver affection, the removal of which had been the chief object of his journey, but which had resisted the genial influence of that balmy and delicious clime.

He accordingly applied a plaster on the right side of his chest, where the pain was scaled, ravitE third special of this permanentisestabanother between the shoulders, and one over the region of the liver. In the mean time he drank freely of an herb tea of laxative qualities. He soon found his health improving, and in a few weeks his cough left him, the sallowness of his skin disappeared, his pain was removed, and his health became permanently reinstated.

Since that time he has been recommending it to his friends and acquaintances for all fixed pains whatever, such as Rheumatism, Gout, Pain to the Side. Hip, Back and Limbs, in every case of which it has proved an effectual cure. He has likewise witnessed the happy effects of its softening and healing qualities, in numberless cases of scrotulous humors, Knots, Wens, White Swelling, hard Tumors, Stiff Joints, Ague Cakes, Agus in the Breast, and the like, to the united satisfaction of himself and others.

It has been very beneficial in cases of Weak-

ness, such as Weakness and Pain in the Stomach, Weak Limbs, Lameness, affections on the Spine, Female Weakness, &c. No female, subject to pain or weakness in the back or sides, should be without it. Married ladies, in delicate situations, find | sending out. great relief from constantly wearing this plaster. The application of the plaster between the short ders has been found a certain remedy for Coble. Coughs, Phthisic and Lung affections, in their primary stages. It destroys inflammation, by per-spiration. No physician should be without it.

In view of the great benefit resulting from the use of this plaster, within his own observation, his confidence in its superiority over every other plaster, eintment, opodeldor, before the public in this country, has induced this gentleman to place the Hebrew Plaster into the hands of those who will give it publicity, believing it will prove itself a rich blessing to the community at large.

REMARKS.

The shore truly valuable article, when used ex-

ternsily, in connection with "Wistar's Balance OF WILL CHERRY," taken internally imparts the greatest relief to patients laboring under any pulmonary or liver complaint. Either article used alone has in numerous instances, given very high sati-faction-but when both are used, (which we always recommend,) the relief afforded is much mere memediate, and disease is most certainly banished from the system. We compress it to the caudid attention of all invalids laboring under at 7

Indeed the most distinguished medical men have averred that nature furnished in every country antidotes for its own pecular discases.

Consumption in its confirmed and incipient stages, coughs, asthma, croup and liver complaint, form by far the most fatal class of disease known to our land. Yet even these may be cured by means of the simple yet powerful remedies which are scattered wherever those maladies prevail.

Wistar's Balsam of Will Cherry is the concentrated essence of these remedies. It has cured incipient consumption, asthma, croup, liver complaint, c., in numberless cases where all other medical remedies had fulfil.
